

participants will have an opportunity to pose questions related to their own specific research questions or work on challenge problems provided by the organizers. There will also be discussion of which tools to use for various applications, how to contribute data to these resources, where to learn more, and other topics in systems genetics and integrative genomics.

NIDA DA P50 039841 Research Center of Excellence for Systems Neurogenetics of Addiction (EJC);

NIAAA R01 AA 018776 Data structures algorithms and tools for ontological discovery(EJC);

NIDA DA P30 044223 NIDA CORE "CENTER OF EXCELLENCE" IN TRANSCRIPTOMICS, SYSTEMS GENETICS AND THE ADDICTOME (RWW)
